Shape: VG100 - 4 Radius Corners

Please mark any fabrication needs, edgework, hole drilling, notching, cut-out, etc.

Important to Note: A formal diagram of the specifications above will be provided to customer along with quote and/or order confirmation. Glass will be fabricated to the manufacturer's diagram. It is the responsibility of the customer to ensure the diagram is correct. The diagram supersedes all other specifications. This work sheet is to ensure proper communication during the order process only. We welcome and appreciate .dxf files. Thank you!
